

# GRANT THORNTON BALTIC -

## LICENSED BUSINESS VALUATION COMPANY

CERTIFICATE NO. L4-000226

**Grant Thornton Baltic UAB** has been included in the list of external asset or business valuers maintained by the Authority for Audit, Accounting, Property Valuation and Insolvency Management (AVNT). From now on, our team provides licenced business and intangible asset valuation services recognized by all major national institutions.

### WHAT DOES THIS MEAN FOR OUR CLIENTS?

- **Mandatory and voluntary business valuations** in accordance with the Law on the Fundamentals of Property and Business Valuation.
- **Reports recognized** by banks, notary offices, courts, restructuring processes, and in merger and acquisition transactions.
- **Strategic insights** to support informed decisions on investments, business expansion, or restructuring.
- **International expertise:** we work under Grant Thornton's global methodology ensuring the highest standards.
- **A comprehensive approach:** we can combine valuation with other services such as financial due diligence, tax advisory, and more.
- **Additional assurance** – our activities are covered by professional liability insurance.

### EXPERTS AND EXPERIENCE ACROSS THE BALTICS

Lithuanian business valuation expert **Mantas Gilius** has over 20 years of experience in valuing globally listed companies. He has analyzed companies operating in the shipping, utilities, energy and consumer goods sectors.

The Latvian business and asset valuation team, led by **Aleksandrs Vellers**, has more than 20 years of experience in performing certified business valuations as well as real estate and movable property valuations in Latvia and across the Baltic region. Key business valuation clients: JYSK, EcoBaltia Group, Latvian Railways, Nordic Vehicles Group. Real estate and movable property valuation clients: European Central Bank, Rail Baltica, Riga Airport, Ports of Riga, Ventspils, Liepaja, Latvijas Gāze, Conexus Baltic Grid.

Estonian business valuation expert **Erik Suits**, together with his team, has participated in approximately 50 business valuation projects over the past five years. These include: an audit of Enefit Green's valuation for shareholder Eesti Energia during the company's listing, partial asset valuation for Tallinna Sadam AS (a port operator), valuation of a cogeneration plant for Graanul Invest AS, fair value determination for LHV Varahaldus AS, and share valuation for Nord Terminals AS (an oil products and chemicals terminal).
